Notes

The main body of this hat is worked in the round, the earflaps are worked in rows. This pattern is for the shape of the hat only. There are no instructions on where to change colour, you can make your hat yours by changing colour wherever you like. When changing colour attach new colour to work with when working slip stitch at the end of the round.

This pattern is written for 3 different sizes, when there are separate instructions they will be presented as (s, m, l) in brackets separated by commas.

Edging:

Attach yarn to any stitch on the edge of the hat, work 1dc into each stitch around the hat, 1dc into each row of the earflap and 2dc into the corner stitches of earflaps.

Finishing:

Cut 12 strands of yarn measuring 20cm/ 8”, take 6 and thread through the centre of the last row of each earflap, twist together in a tassel style.

Weave ends in.
